Chapman Chapel—Victorian Room

Chapman Chapel has been a favorite site for Orange county weddings throughout it's 100 year history. As many as three generations of several local families have exchanged vows there.

As the wedding march heralds her entrance through the hand-carved oak archway, the natural glow of the bride is delightfully augmented by the golden glow from a cathedral stained glass window. Antique oak pew candelabras lining the aisle provide soft romantic candlelight for her most dramatic moment.

The Chapel features a stately bell tower and steeple, peaceful fountain courtyard, quaint flower lined pathways, park benches and garden love seats, gazebo and lighted archways. Included in the confines of this romantic environment are picturesque dressing rooms, ivy-covered archways and a Victorian parlor, complimented by a cozy fireplace, large mirrors, chandeliers, ceiling fans and lighted ficus trees.

Couples say their vows beneath the magnificent stained glass window in front of a richly-carved oak altar featuring an array of candelabras and glow-lighted ivy and ficus trees. The chapel is conveniently located near the hub of the Orange County Freeways, yet is nestled in the quiet Old Towne community, near the Orange Circle.

The Victorian Room is a charming location on the grounds of the Chapman Chapel. An elegant décor is accented by soft lighting,

a fireplace, lovely antiques and many candles. The **Gazebo Garden** is just outside and offers a scenic setting for weddings or receptions.

The Crystal Room

The Crystal Room is a charming facility in the midst of the nation's largest, and possibly best known, historic district nestled nearby the Circle in Old Towne Orange.

Cathedral height ceilings, richly embossed wall coverings, large arched mirrors dramatically reflecting elegant crystal chandeliers, hundreds of crystal miniature lights, candles and windows accented with elegant Austrian pouffed coverings, paint an exquisite backdrop for your reception in this completely private banquet room. A built-in bar, features beautifully inlaid mahogany wood craftsmanship.

Ridgeview Banquet Center & Gardens

The **Ridgeview Banquet Center and Gardens** is a lovely and scenic facility set in the picturesque, rolling hills of the Orange Park Acres community overlooking the city of Orange. Many trees frame the breathtaking sunsets and open area country-like view from exclusive estates and equestrian properties.

A festive mirrored dance ball lights the large dance floor and the ceiling above is outlined with ivy and crystal lights. Attention to detail and specialty décor can be seen throughout the facility.

Garden receptions, weddings or other events are held in the **gazebo garden** or nestled in the **fountain garden terrace**. Coverings and outdoor heaters help provide year-round comfortable use. A charming parlor room with comfortable furnishings and a fireplace is a bonus sitting room or used as a brides dressing room.

A beautifully decorated spacious banquet room features hundreds of shimmering crystal lights and soft candle light reflected in a wall of mirrors. A long wall of large windows and French doors shows off an expansive garden terrace with lush gardens of flowering vines and many lighted ficus trees. Guests may stroll the grounds or enjoy the lounge area with the quiet garden sounds and water trickling through garden fountains. The view may be enjoyed from inside or from garden terrace seating.

Huntington Rooms

Moments from the beach, these spacious rooms provide the perfect festive backdrop for various events, weddings or parties. Oversize dance floors and a large stage offer additional diverse uses. Each room has a private bar, private entrance, spacious free parking and accommodations for 200-300 or combined for groups of 450.
